**The Dark Side of Software Engineering: Evil on Computing Projects** Johann Rost, Robert L. Glass
**Betrayal! Corruption! Software engineering?**

Industry experts Johann Rost and Robert L. Glass explore the seamy underbelly of software engineering in this timely report on and analysis of the prevalance of subversion, lying, hacking, and espionage on every level of software project management. Based on the authors' original research and augmented by frank discussion and insights from other well-respected figures, *The Dark Side of Software Engineering* goes where other management studies fear to tread -- a corporate environment where schedules are fabricated, trust is betrayed, millions of dollars are lost, and there is a serious need for the kind of corrective action that this book ultimately proposes.
