Caribbean Gold: Three Adventure Novels K.T. Tomb

Box set of three bestselling adventure novels, including:

THE HONEYMOONERS

In K.T. Tomb's *THE HONEYMOONERS*, when newlywed archaeologists Charlie and Ella Colton head for the Cayman Islands, at a cultural dance performance, they spot what looks like a Mayan jade necklace from 500 A.D. They start poking around for information about the artifact, and learn that an antiquities thief has been switching out national treasures with forgeries. When a private antiquities collector hires Charlie and Ella to find the real necklace, they take time out of their honeymoon to investigate the growing spate of artifact forgeries connected with the Museum of Ancient Cultures. Unexpected temptation heats up the case's intrigue when the beautiful, rich prime suspect tries to hire them to smuggle the authentic artifact back to the U.S., to its "rightful owner." The stunning discovery of an unusual Spanish gold coin raises more questions than it answers.

THE TEMPEST

On an island in the Caribbean, the brand-new Samsara Resort and Spa is promoted as the world's only indestructible hotel. Samsara offers upscale guests their unique, opulent accommodations that include such technical wonders as indoor beaches with artificial sun to support the concept of disaster-proof vacations—for a price. And sometimes, it has been a price that is more than money. Disaster-proof island vacations are the marketing brainchild of the developers, who need an infusion of investor cash. However, the creation and operation of such a fort-like grand hotel is not without its dark secrets and unfortunate development history. One man knows too much, and he's determined to find a way to spill the truth before they silence him, forever. As an unexpected hurricane gathers speed, its imminent destruction blasts straight for the island. Now, it's time to prove the indestructible claim to investors who are trapped there, along with some formidable guests who may come in handy if things take a turn for the worse. And turn, they do! Even a lock-down during the hurricane has potential security issues for those who want to wreak their own brand of havoc.

THE SWASHBUCKLERS

When twenty-four-year-old Manny McMillan, professional playboy and slacker, finds out that he has been written out of his wealthy grandfather's will, he's furious. That is, until he learns that there's a catch. Indeed, Manny's grandfather wants his deadbeat grandson to earn his inheritance...in the form of a real-life treasure hunt. A pirate treasure hunt, no less. And that's exactly what he leaves his grandson behind: a real treasure map. Now Manny begins (reluctantly) his search for his inheritance on the island of Montserrat, where he soon attracts the attention of a corrupt government official...and promptly lands himself in jail. Once there, he saves a mysterious man named Kang—a man with a secret agenda of his own. Slacker or not, Manny has a few tricks up his sleeve. After all, jail is exactly where Manny wants to be. According to the treasure map, the secret tunnel to the treasure horde begins beneath the prison itself.
