## What happens when artful dog pictures are combined with motivational haiku poems? *A match made in heaven!*

**In The Dog Book: Dog quotes for good living**, take an inspiring haiku journey through the eyes of world class photographer Petra Mayer and haiku poet Howard Fox. You will never see dogs in the same way. **You'll be coming back to these 52 pictures and poems many times for your daily motivation.**

*Ms. Mayer is a master at taking pictures of dogs in their natural state.* For years she has been photographing pets and has elevated pet photography to an art. The collection used in this book was culled from many of the happy animal pictures she has taken. The names of all the dogs are included so they can share in the honor of the book.

*Howard is a voracious reader and loves animals and motivational books. He had never seen the two combined until now.* Once he found Petra's amazing pictures he knew what to do. He likes the fact that haiku is short and can contain one major thought at a time. After all, Shakespeare said that brevity is the soul of wit. He hopes that he contributes to a trend of people using more haiku.
