## THE EDGE OF TRUST: Book ONE (TEAM EDGE 1) KT BRYAN

I thought I had nothing left to lose...

I was wrong.

We all play victims to our pasts--to the choices we make and the lives we lead. Sometimes we let our past define us. Sometimes we aren't given a choice. But sometimes, sometimes the past comes back to us. Better. Stronger. Tougher. Now the past is beating at my door, leaving me no choice but to answer. And it might very well get me killed.

I loved you, Sara. I wept for you. I raged for you. And now, I'm letting you go. Again.

And so the struggle begins ...

.

What can go wrong in just 48 hours? A LOT.

When EDGE operative Dillon Caldwell was given a mission to infiltrate the Sanchez Drug Cartel and bring down Rafael Sanchez, Dillon figured it would be a long, grueling year he might not survive. He had no idea it would be three horrific, gut-churning years, or that the price paid for his efforts would be a nightmare worse than abject failure.

Then, after his cover was blown, he watched in horror as his wife was slain in front of him. His parents were next. And his sister, who died, broken and burning, in his arms.

Dillon, wracked by loss and guilt, is nearly rabid in his hunt for Sanchez, intent on ending his reign of terror. What Dillon finds along the way, though, will change everything he thought he knew to be true. Washed up on a nearby beach, badly beaten and suffering from exposure, is the woman he thought dead for the past twelve months. His wife Sara is alive.

Dillon's stunned relief and joy are short-lived, however, shredded by the razor-sharp fangs of betrayal and kept secrets, scorched by the obvious disdain from a woman who may as well be a stranger. And if that's not enough, not only is Sanchez still out there, but Dillon can't even trust the people he works for. Not when they kept the truth about his wife from him, not when someone on the inside burned his cover.

He's got a sadistic, murderous drug lord after him and someone from his own country betraying him. He's got a wife who is alive, but looks at him with loathing. And he's got the knowledge that, despite his best efforts, he has failed every single person he loved. But wait, Dillon's plate isn't yet full. The stakes he's played with for three years are raised higher still when he finds out that Sanchez has something of his, something Dillon didn't even know existed. And it's a game-changer in every way.

KT Bryan doesn't just kick off her Team EDGE series with this powerhouse of a story, she fills it with rocket fuel and launches it straight into the stratosphere. Powerful writing, a hell of a plot, and two flawed characters thrust into one incredibly perilous situation after another are the backbone of this awesome debut. The devil is in the detail, and Bryan proved herself adept at snagging that devil by the throat, slamming it down on the page, and introducing her characters to hell.

When it comes to Dillon and his wife Sara as characters, we reach what, for me, elevated this book from a solid suspense read to one of my favorite reads this year. Not only were they deliciously flawed and grievously wounded individuals (preferred for the depth it gives the characters), but their emotional baggage and all their issues were ripped open and exposed in deliciously gritty, brutal fashion, in actions and reactions, fights and fury, angst and passion. It wasn't always pretty, certainly wasn't traditional for a romance novel, but it was so realistic (within the fictional framework) that I was left shaken by several scenes, my heart in my throat and my stomach in knots.

Grief, confusion, betrayal, guilt, blame, shame, and worse...including ugly emotions that danced dangerously close to hatred, Bryan gleefully dipped her brush into them all and splattered them into the gaping, bloody wounds of her characters' lives.

Complex, taut, emotional and action-packed!
