From Amazon best-selling author Holly Rayner

Freshly dumped by her boyfriend, and thinking more and more about the things she has to do with her life before it's too late, Victoria is having a bad day at work.

Alexander Reigns, dashing billionaire and gorgeously handsome boss of Victoria, has too much on his mind; an upcoming divorce with a wife he does not love, and the stresses of business are taking a heavy toll. But he'll soon find a distraction...

One teary night of soul-searching, unlikely bonding between maid and master, and forbidden passions is enough to change both their lives in cataclysmic ways. Will Alexander do the right thing and commit to his unborn child? And will the birth of their baby uncover strengths and passions neither of them knew they had?

One thing is for sure; it will be worth it in the end...
