The Schoolwide Enrichment Model: A How-to Guide for Educational Excellence presents an inspirational model for helping students achieve in today's schools. Based on years of research, the Schoolwide Enrichment Model (SEM) is founded on highly successful practices developed for programs for gifted students and promotes "a rising tide lifts all ships" approach to school improvement. This guidebook shows educators step-by-step how to develop their own SEM program based on their own local resources, student population, and faculty.

Instead of treating students as simply test numbers in a system, the model helps educators look at student strengths and interests and capitalize on them. The book highlights the model's fundamentals and underlying research and provides information about the model's school structures, organizational components, and service delivery. The book suggests methods for engaging and challenging identified gifted students. In addition, this comprehensive resource includes a collection of useful instruments, checklists, charts, taxonomies, assessment tools, forms, and planning guides that are designed to help educators find effective ways to organize, administer, maintain, and evaluate different aspects of the Schoolwide Enrichment Model.
