This novel, set in London, tells a compelling story of a surgeon, Dr. Reeve Harvey, an emotionless yet a perfectionist, whose friend, Joe, calls him a 'robot' for his extraordinary character. When Joe and Shirley were on the peak of their eternal love, Joe's girlfriend Shirley vanishes from his life, without an explanation. Dr. Reeve met a girl, Helen, a horse trainer and an expert in most of the martial arts. They were not lovers, or, friends, or, even foe but shared a far greater relationship, bound by only duties and mutual agreement. And when their daughter is fighting for her life and urgently needed a transplant - what would inspire Dr. Reeve to steal the kidney of his own patient, a young girl in coma? Would he still be able to save her daughter? Was he going to be punished enough for that? Or was he a saviour to the girl who was in coma? Was Joe ever going to know the truth about Shirley's disappearance? Let's start on a journey into their world that will leave you in awe of their rarity and their charm will take your breath away..
