McIntosh For the Love of Music Ken Kessler

A fascinating history of an audio legend "Even though this book is published by McIntosh itself, it is as candidly revealing as any business history I have read from an independent publisher. McIntosh: "...for the love of music..." is not a happy-slappy PR puff piece but a genuine history. Indeed, I found the behind-the-scenes business chapters to be absolute page-turners.... "As we've come to expect from Ken Kessler projects, the production values are lavish. The cover and book and the book's entire color scheme reflect McIntosh's black-and-gold glass faceplates and blue meters. The photographs, photo editing and layout are fittingly world-class. There is even a bound-in gold ribbon for a bookmark. In addition to a foreword and introduction, there are 19 chapters of content, four appendices (including a timeline), an index a bibliography, and lists of McIntosh products by model number an name. "Well done. Highly recommended - even if your amplifier doesn't sport big blue meters." Excerpts from book review by John Marks, Stereophile magazine

From reader reviews:

Stephanie Carlton:

Book is to be different per grade. Book for children until eventually adult are different content. We all know that that book is very important usually. The book McIntosh For the Love of Music ended up being making you to know about other know-how and of course you can take more information. It doesn't matter what advantages for you. The book McIntosh For the Love of Music is not only giving you considerably more new information but also to be your friend when you experience bored. You can spend your current spend time to read your reserve. Try to make relationship with the book McIntosh For the Love of Music

You never truly feel lose out for everything when you read some books.

Eric Sanders:

Information is provisions for those to get better life, information these days can get by anyone from everywhere. The information can be a information or any news even restricted. What people must be consider any time those information which is within the former life are difficult to be find than now's taking seriously which one is acceptable to believe or which one often the resource are convinced. If you receive the unstable resource then you understand it as your main information you will see huge disadvantage for you. All of those possibilities will not happen with you if you take McIntosh For the Love of Music as your daily resource information.

Sharon Doyle:

This McIntosh For the Love of Music is great publication for you because the content that is certainly full of information for you who also always deal with world and have to make decision every minute. That book reveal it facts accurately using great coordinate word or we can say no rambling sentences inside. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only offers you straight forward sentences but tricky core information with lovely delivering sentences. Having McIntosh For the Love of Music in your hand like having the world in your arm, facts in it is not ridiculous a single. We can say that no publication that offer you world within ten or fifteen minute right but this guide already do that. So , it is good reading book. Hello Mr. and Mrs. active do you still doubt that will?

Luis Gazaway:

Beside this McIntosh For the Love of Music in your phone, it can give you a way to get nearer to the new knowledge or details. The information and the knowledge you may got here is fresh from the oven so don't end up being worry if you feel like an previous people live in narrow town. It is good thing to have McIntosh For the Love of Music because this book offers for you readable information. Do you often have book but you don't get what it's exactly about. Oh come on, that won't happen if you have this in your hand. The Enjoyable blend here cannot be questionable, such as treasuring beautiful island. Use you still want to miss that? Find this book and read it from currently!
