## Qualitative Research: Theory, Method and Practice

Building on the success of David Silverman's **Interpreting Qualitative Data**, this book assembles a well-known international team of researchers who share a commitment to rigorous, analytically derived but nonpolarized, qualitative research. Each contribution reflects on the analysis of each of the kinds of data discussed in **Interpreting Qualitative Data** - observations, texts, talk and interviews - with the contributors using particular examples of data-analysis to advance analytic arguments. Common themes include: the centrality of the relationship between analytic perspectives and methodological issues; the need to broaden our conception of qualitative research beyond issues of subjective 'meaning' and towards issues of langua
