The Butcher and The Beast by Sean Michael

Can a pirate and a doctor find love on the seas?

Stephen is a doctor, a practical man who wishes his sister wouldn't worry so about the pirates that plague their island home. So it's ironic that Stephen himself is set upon by just those pirates, who carry him off to heal their wounded captain.

John is a pirate captain, master of his fate and used to getting what he wants. And he decides he wants Stephen, even when the good doctor wants nothing more than to run away from him.

Can the beast convince the doctor who the sailors call the butcher to stay with him?

About Sean Michael

Often referred to as "Space Cowboy" and "Gangsta of Love" while still striving for the moniker of "Maurice," Sean Michael spends his days surfing, smutting, organising his immense gourd collection and fantasizing about one day retiring on a small secluded island peopled entirely by horseshoe crabs. While collecting vast amounts of vintage gay pulp novels and mood rings, Sean whiles away the hours between dropping the f-bomb and pursuing the kama sutra by channelling the long lost spirit of John Wayne and singing along with the soundtrack to ""Chicago"".

A long-time writer of complicated haiku, currently Sean is attempting to learn the advanced arts of plate spinning and soap carving sex toys.

Barring any of that? He'll stick with writing his stories, thanks, and rubbing pretty bodies together to see if they spark.
