Escaping from the turmoil of her home, fifteen-year-old Posy finds herself at her usual haunt ... the library. When she chooses an unfamiliar book from the shelf, she does not devour its words as she usually does...

*Its words devour her.*

Posy is pulled into the pages of a fairy tale in turmoil. Characters whisper of rebellion against their Plot. And Posy must find a lost princess whose role in the story is crucial, before her own role in the book comes to a horrible end.

With the haughty Prince Kyran as a reluctant companion, Posy ventures past the Borders of the Plot, into the depths of the treacherous Wild Land forest that lies beyond. Secrets are buried there, dangerous and deadly.

Yet the darkest secret of all is the one Posy carries within herself.

Soon it's clear that finding the lost princess is the least of Posy's concerns. The Author of the book must be found. His Plot must be put to rights again, his characters reminded of who they were first created to be. Only then will the True Story be written, both for Posy, and for the tale she has now become a part of.

Courage and forgiveness are needed for Posy to find her way home again. But bitterness and shadows haunt her every step of the way...
