## **Dreaming of Reality: A Compilation of Poems for Young Adults** Elisabeth Anne Granger

This book was finished after many years of writing, editing, and reediting poems that I started composing at the age of 15. It has been a long time coming and these pieces represent a journey which I have taken that lasted over a period of 8 years and 13 countries. I have had many struggles and many joys in my short life. It is my goal to pass on these adventures through my poetry; which has always been the way I happen to best express myself. I am dedicating these books to all the young adults out there who may hail from middle class America and don't quite know where they are or how they will end up. Take joy, relief, or guidance from my words, but most of all remember to have your own travels and promise to keep trekking.
