The reign of Emperor Haile Selassie I chartered a new era of consciousness. His Imperial Majesty worked incessantly to stem colonialism and was effective in raising the standards of international law and morality. Any trustworthy historian would conclude that if the nations would have followed his sound counsel then World War II could have been avoided because he gave the proper instructions on how to improve the lot of all humanity. Yet to conclude that he is the Savior is baffling to some due to their adherence to old world ideologies which have been counteractive in liberating humanity. This book, "Seventy Years Accomplished," will affirm the objective truth about His Imperial Majesty as well as repudiate the slanderous propaganda surrounding the Emperor that robs the people of their salvation.
