Supreme Commander Dwight D. Eisenhower, General George S. Patton, and General Omar N. Bradley engineered the Allied conquest that shattered Hitler's hold over Europe. But they also shared intricate connections going back decades, and in the Second World War, they found their prewar friendships complicated by shifting allegiances, jealousy, insecurity, patriotism, and ambition.

Drawn from the candid accounts of its main characters, this *New York Times* bestselling book reveals the real men beneath the legends.
