Planet Aris was nothing more than a pile of sand. It had no water, no life and the environment was deadly. Only a few villages of colonists were able to survive in the dunes. They lived a simple life, surviving off of imports. They suffered constantly because of the harsh environment. One afternoon, bots with laser eyes and metal legs fell from the sky. **They slaughtered every one of the villagers except for one, Hugh.** He was taken by the king of the Alphas, a blood-thirsty race bent on destruction. The man had slaughtered his entire planet and ended his life as he knew it, **but he was expected to be his obedient lover and Hugh loved that idea.**
