They say that old habits die hard, and twenty-seven year old, Kady Jenson, is about to discover how true that statement actually is.

Waking up in the hospital with a complete stranger at her bedside should have caused panic and confusion, but for a reason unknown to her, Kady finds herself drawn and calmed by the presence of the rugged, devastatingly handsome man with the pleasant Irish brogue.

It's when she discovers that she has just woken from a four day coma, with a three year void in her memory, which spawns confusion and panic.

Kady soon comes to realize that things change with time, and not only appearances.

Not only is the sexual chemistry she once shared with her long-term boyfriend, now a long-ago memory, but Kady also begins to unconsciously fall back into unremembered habits, and with each day, the increasing sense of foreboding becomes increasingly harder to ignore.

Left on her own when her boyfriend goes on a business trip, Kady seeks help from the Irish stranger as they go on a quest together, in a race against time, to piece the puzzle together.

This is the first installment of The Dark Evoke Series, and is therefore NOT intended as a standalone novel.
