How to Deal with Infidelity (Practical Guide Book 5) Walter Riso

Fidelity is not the absence of desire, but rather the product of will and conscious decision. In other words, fidelity is self-control and timely avoidance. When we suspect that we may end up liking someone in that way or when we feel the first tingle of attraction and we don't want to be unfaithful, the best option is to turn away from temptation and avoid playing with fire at all costs.

In this guide, Dr. Walter Riso provides a number of indispensable steps to help us understand infidelity from its different perspectives. He also outlines a number of strategies that can help us identify whether infidelity has become a part of our sentimental relationship with our partner.
