Virgin wants Doctor**

Belle had a thing for older male doctors that she could not explain. At twenty, she went after men old enough to be her father, and she knew it was because they knew how to please a woman. When she gets hired to write a grant for a new hospital system, she moves to London and immerses herself in the environment that turns her on the most, surrounded by doctors. Then she meets a mysterious dark haired stranger at a coffee shop named Gavin. There's something about him, but she can't tell what. Once she is in the hospital environment, she meets the gorgeous older doctor Aidan who she immediately gives into in the most naughty way at the hospital, but they are caught in the act by none other than Gavin. Gavin turns out to be a doctor at the same hospital and also Belle's neighbor. Now she must chose between lust, and something else magical and unexpected.

My First time with the Doctor is a standalone novel with a happy ending.
