When You Know the Dangerous Secrets of Queen Cleopatra, You Too Can Get What You Want and Love

--> Dangerous Cleopatra Facts All Women Should Know and All Men Should Beware Of

When you hear the name "Cleopatra," the word "seduction" is not far behind, nor should it be. Cleopatra was, perhaps, the foremost seductress in history and even today, thousands of years later, people still remember her name...it is, in itself, seductive. Her life was a series of seductions, and people today are still fascinated by Cleopatra Facts.

What you may find strange is, Queen Cleopatra was not an exceptionally beautiful woman...in fact, she had a long face, and was no classical beauty. How then, was she able to seduce so many powerful men (such as Julius Caesar and Mark Antony), and get them to do her bidding? The answer is in her behavior, and that's behavior you should study. Read on to discover why.

My name is John Alanis, and for the past 8 years I've run a rather unique business, showing men how to attract the women and get girls they really want. Recently, I've also been showing women how to attract the men they really want.

Both sexes should study Cleopatra, facts about Egypt and Cleopatra's biography. If you are a woman, you will discover the behavior you can model to not only attract the man you want, but to keep him interested as well. As a man, you can seek out women who have the traits of Cleopatra, so you can experience the thrill she gave men, without the downside. When you know the behaviors, you can protect yourself from them while you enjoy the feeling.

This new book not only gives you a relevant history and Egyptian tales of Cleopatra, but also shows you how to use her seductive behaviors or protect yourself from them.

Here are just a few of Queen Cleopatra's secrets you will discover in this new book...as you will see, she was dangerous to know and love:

--> How to use your family status to attract members of the opposite sex...even if you think you have no status at all!

--> How to seduce your boss...and take his or her job! If you ARE the boss, you need to be wary of this (Julius Caesar and Mark Antony should have known this, had they studied facts about Egypt)

--> How any woman can gain legal and financial power over a man, without him realizing it (men, protect yourself from these dangerous secrets)

--> How to use Cleopatra's secrets to control your boss's boss!

--> How to avoid "over seducing" like Cleopatra did, leading to her demise (and ending her series of seductions)

...and much, much more. When you study Cleopatra facts and her deliberate behavior, you will gain an "unfair advantage" over others, not just in your dating and relationship life, but in your career as well. And, you can also protect yourself from others who know these secrets and use them without ethics or scruples.
