The world bestselling title of 2005, in a hardcover, reduced size, reduced price, special edition: For more than three decades Anton Corbijn has photographed the greatest artists in the music world and beyond. That made him one of the most influential portrait photographers of our days. In Corbijn's career, however, there has been one constant: the band U2, and their collaboration of 22 years. This publication is dedicated to Bono, Edge, Larry, and Adam, to their longstanding friendship, mutual inspiration, and shared experience of rock history that is part of the history of photography. It was Anton Corbijn who "invented" U2's public image and he is still shaping it. The long way from their first encounter in February 1982 in New Orleans to their April 2004 Lisbon shooting for the most recent U2 album is documented in a wealth of private and so-called official pictures with hand-written annotations by the photographer.
