Ocular Pathology Case Reviews is designed to aid ophthalmologists, residents, practitioners, and optometrists alike in improving their overall understanding of eye disease. This medical reference book presents a unique combination of **clinical photos and histological images** in a consistent case review format, helping you better understand ophthalmic pathology and prepare for rotations and exams.

- **Focus on diagnosis, clinical descriptions, and histological features** with help from a consistent case-review format that simulates an exam situation.
- **Recognize a diverse range of disorders** through 200 individual cases, with **comprehensive coverage across six sub-specialty areas**.
- **Learn to connect the pathological aspects** with the clinical signs/presentations of each disease.
- **Pin-point key aspects of every image** and **eliminate room for error** with help from arrows, leader lines, and labels accompanying each image.
- **Access the fully searchable text online** at **Expert Consult**.
