Caught in a Crossfire (Part One) Wade Hilton

I consider this to be one of my best books because it is fast-paced and full of action. I did not intend it to be about cops as most people think after observing the frontcover. That only goes to show that you cannot judge a book by its cover for this one is about a passionate love story between two people, one of them being a cop, who were prohibited to fall in love. However, they defied the rules and turned their story into one that is unmatched when it comes to love.

When Beth and Oscar met, they fell in love at first sight and thought that everything would be a bed of roses for them thereon. Blinded by love, they did not take into account their different social and cultural backgrounds until they started running into one hurdle after another which, instead of hurting them, strengthened their love to such heights that it made them go out of their way to find a denouement to their problems.

After the first few hurdles were taken out of the way and Beth and Oscar got married, they began to learn that life always carries with it a lot of obstacles. This did not affect them. On the contrary, it made their love grow stronger and stronger as they revealed an intense pursuit to live their best life, until tragedy struck at the climax of their affair.
