Snowpiercer 3: Terminus Olivier Bocquet

The third volume of the graphic novel series that inspired the movie Snowpiercer, starring Chris Evans - presented in English for the very first time!

On a future, frozen Earth, humanity has been packed onto self-sustaining trains, doomed to circumnavigate the globe until the end of the interminable ice age - or until the engines give out.

When a scrap of music piques their interest, the inhabitants of the Icebreaker take the ultimate risk and cross the frozen ocean, a vast expanse with no train tracks... and no way to return to them.
