Men Are Stupid . . . And They Like Big Boobs: A Woman's Guide to Beauty Through Plastic Surgery

Joan Rivers, Valerie Frankel

Red-carpet fashion laureate, comic icon, and outspoken superstar Joan Rivers is uniquely qualified to talk about plastic surgery—because she's one of the few celebrities unafraid to admit to the world what she's “had done” to keep looking so great. Now, in this no-holds-barred book, she gives women straight-talking advice on better living through looking better.

Joan Rivers' abiding life philosophy is simple: in the appearance-centric society of the twenty-first century, beauty is key—especially where men are concerned. Men like pretty women. And so, getting something lifted, tightened, adjusted, or removed is as fundamental as wearing makeup or using hair conditioner; it's become something we do to make ourselves look better. Now, for any woman considering her options, Joan Rivers takes the mystery out of cosmetic surgery with a practical overview, aided and informed by the country's top plastic surgeons, of almost every single cosmetic procedure legally performed in America today. She takes readers step-by-step through these entire processes, from finding the right doctor to the bruising truth about recovery and the facts about cosmetic surgery's very real risks.

But don't worry—there's dish, too. Filled with Rivers' personal anecdotes about life under the knife, *Men Are Stupid...And They Like Big Boobs* is also rife with Hollywood gossip about who's done what and how often. Part comic musing, part bitch-fest, and part hands-on advice, this is a bracingly funny, wildly frank, and genuinely passionate argument for a woman's right to do whatever it takes to be beautiful, to feel better about herself, and most of all to be happy -- not only with who she is, but who she wants to be. Throughout the book, Joan Rivers is right there, guiding and encouraging with no apologies, no excuses, and absolutely no shame. Take it from the woman who enjoys having it all—done.
