From Book 1: On the Edge of Time involves the human heart's earnest search for heaven in the midst of Hell come to Earth.

It is two weeks after millions of people have mysteriously disappeared from the face of the earth, and, like millions of others, Jerry Westfield, Pulitzer Prize-winning journalist, is upset and perplexed at that loss, particularly since it took his best friends, Jeremy and Kathy Palmer. His personal concerns must be set aside, however, when the international situation frantically signals the immanent destruction of the state of Israel. It is there that Jerry is sent to cover the story of his journalistic career and is reunited with Jacob Klausman, a 'retired' member of the 'Mossad,' Israel's secret service. It is also there that he will meet with a cataclysmic series of monsters and miracles, including Ruth, the woman who will change his mind about marriage, and the charismatic Demetrius Strapollos, who soon is hailed as the 'Messiah' who will rescue Israel and restore her former glory.

This quick-moving tale of suspense and power on a cosmic scale is intricately detailed and researched, providing the reader with insights into international politics, Biblical prophecy, the darkness of the human heart, and the challenge of faith in the face of disillusionment and pain. As current as this morning's newspaper, this book will challenge the reader's belief system, introduce him or her to the intricate world of international intrigue, and insure that the reader will never look at the Mid-East situation in quite the same light ever again.
